

## Israel Wanders in the Wilderness for 40 Years Numbers 13-14

God told Moses to send 12 spies into the Promised Land. 10 of the spies came back and told the people that they could not take the land because the enemy there was too big and powerful. The other 2 spies were named Joshua and Caleb. They told the Children of Israel that they could take the land with God's help. The people did not trust in God to help them.

God was very unhappy with His people because they did not trust Him. God made the people wander in the wilderness for 40 years. Only Joshua, Caleb, and children would be allowed to enter the Promised Land.

Help the Children of Israel find their way out through the wilderness to the Promised Land.
